

Traffic calming includes a variety of tools—like speed cushions, stop signs, and modified intersections—that reduce speeding and make streets safer for everyone. District 1 was among the first to spearhead traffic calming, starting with speed cushions on Winewood Road which helped lay the groundwork for a pilot that expanded to District 4. In just a few years, we've seen significant progress, with solutions installed in the following areas:

we have helped deliver key safety improvements.

Since Birmingham adopted a citywide traffic calming policy in 2020, residents—and Councilor Clinton P. Woods has made it a top priority. Speeding is one of the most common concerns raised by District 1

Taking Back Our Streets: Slowing Speed, Protecting Neighborhoods

Speed Cushions: Huffman Rd, Winewood Rd, Martinwood Rd, Jeffery Dr, Glenwood

Speed Cushions + Stop Signs: 7th St NW, Westchester Dr

Speed Cushions + Traffic Signal: 5 Mile Rd

Stop Signs: Garrett Dr

There's more work to be done, but these improvements represent real momentum—and our passion for safer neighborhoods.

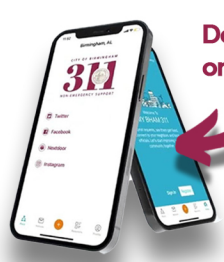

Want to Request Traffic Calming + Resurfacing on Your Street?

How Are Sites Submitted?

Requests can be submitted by concerned citizens & neighborhood groups through the City's 311 system via elected representatives, town hall meeting input, or direct contact with the department. Submissions could also come from businesses, institutions, developers, and organizations utilizing the same means.

3 Ways to contact

311 www.birminghamal.gov/311
Call 311 or 205-254-2489

Download the MY BHAM 311 APP on the App Store or Google Play

What's Next?

Submitted sites will be screened and prioritized for engineering analysis according to recognized feasibility indicators.

Built on Progress: Historic Investment in District 1 Streets and Safety

CLINTON P. WOODS | 205-254-2349 | clinton.woods@birminghamal.gov

Over 100 Streets Strong:

Investing in District 1 Infrastructure

2020–2025 Repaved Streets/D1 Traffic Calming Updates

Ongoing investment in street resurfacing remains a top priority for both Mayor Randall L. Woodfin and Councilor Clinton P. Woods. Since 2020, Councilor Woods has championed infrastructure improvements across District 1, leading to over 120 completed resurfacing projects—covering at least 26 miles of roadway.

In the past five years alone, nearly \$45 million has been allocated citywide for paving efforts. Well-maintained roads are essential to public safety, neighborhood connectivity, and the long-term vitality of our communities.

The FY2025 budget includes an additional \$15 million for street paving, supporting 248 segments across Birmingham. Of those, 28 are key streets identified by District 1 and prioritized based on need. This latest round follows the successful completion of a previous resurfacing package that addressed 246 segments citywide.

Explore the full list of District 1 streets resurfaced since 2020—a reflection of Councilor Woods’s commitment to safer, stronger infrastructure in our community.
